Automatic Top/Bottom Fill Volumetric Filling Machines

MODEL: ABA-FILL-TB1EAF-M3-EC-5LP-LD

(C) Copyright 2009, Anthony Barber Associates, Ltd. USA

The newest addition to Anthony Barber Associates, Ltd. filling machine family is the
Model: ABA-FILL-TB1EAF-M3-EC-5LP-LD.

With precision placement of the fill head carriage bar, this filling machine can perform in "top fill" mode, or, at the flick of a switch, the filling machine will transform into a fully automatic "bottom fill" (diving probe) filling machine. The high velocity drive system places the fill head carriage bar at the heights required for each stage of the filling process with lightening speed and accuracy.
